

ABOUT OASIS GROUP

At Oasis, our legacy of excellence in Bangladesh is a source of immense pride. Since our inception in 2003, we have consistently set new benchmarks across various industries, etching an indelible mark on the landscape of entrepreneurship in the country. Our unwavering commitment to excellence has propelled us into the trusted realm of partnerships with some of the world's leading companies, particularly in sectors as vital as HR Training & Recruitment, Project Logistic Support Services (PLSS), Agro Projects Services, and Real Estate Development.

THE LOGO

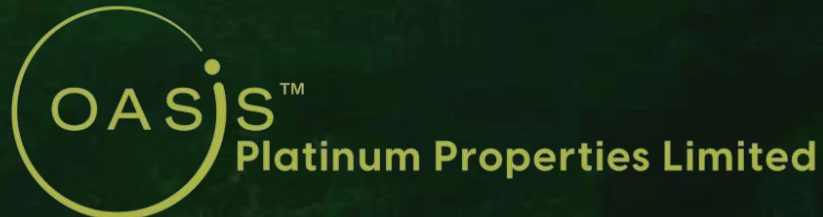

WE BELIEVE IN QUALITY, COMMITMENT & SPEED

OUR CONCERNS

- Composite Agro (Poultry)
- Real Estate
- Renewable Energy
- Logistic Supply
- Human Resource Development

Narangi Agro Farms Limited

OASIS JOURNEY

1 We started our business in 2003 by exporting human resources, pioneering skill development, and primarily acting as a logistic partner for multinational companies like Chevron (USA), Cairn Energy (UK), Occidental (USA) and Unocal (USA).

2 We were licensed by the Singapore and Bangladesh governments to train and send skilled labour overseas to Singapore. During our operations, we have produced thousands of skilled workers with guaranteed employment to Singapore & other countries.

4 One of our latest ventures is in the renewable energy (targeted 10 MW in upcoming years) and waste management industry. We are currently producing 2MW of solar energy & composting our chicken manure in joint venture with Japan to produce 1,000 to 1,500 MT organic fertilizer/month.

3 Since 2007, we have been working closely with CP Bangladesh Co. Ltd, a well-renowned MNC in Thailand, operating globally in 64 countries, maintaining the highest standards in Agro & Poultry sector. We are engaged in composite poultry and industrial real estate. We have successfully built 18 high-density poultry farms, operated by CP Bangladesh. We have also built 5 state of the art broiler farms which are operated solely by Oasis, with CP Bangladesh as our operational partner & Big Dutchman (Germany) as our technical partner.

5 We encompass all facets of property, from commercial sales and leasing to residential property, business sales, commercial, residential and shopping center asset management. Our latest focal point of operations is in Jalshiri, the best-planned residential city in Bangladesh to date.

VISION & MISSION

Vision

Mission

To grow sustainably and become the lead in every industry it operates in, setting the benchmarks of services

Working with relentless dedication to inspire excellence in the upcoming generations.

OUR VALUES

Integrity

We fulfil all our promises
and exceed our
customers' expectations

Innovation

We thrive in delivering
something precious to the
nation's economical growth.

Quality

We prioritize quality
above all

Commitment

We have the courage to
act with commitment

Speed

We work relentlessly to
push our boundaries

OUR CULTURE

In our workplace, we value integrity, adaptability, and hard work. Every employee at OASIS family is treated with respect and given opportunities for professional growth. We reward positive results, initiative, and good work ethics. We want to create a skilful workforce for the development of a better Bangladesh and train them to become the next leaders of the world.

LOGISTIC PARTNER

As we ventured into the realm of logistic supply, we brought with us a wealth of experience and a commitment to excellence. This commitment has allowed us to craft a logistics operation that is both robust and adaptable, catering to the unique needs of multinational corporations.

We embarked on an extraordinary journey, emphasizing the export of human resources, pioneering skill development, and primarily collaborating as a logistics partner with multinational industry leaders such as Chevron (USA), Cairn Energy (UK), Occidental (USA), and Unocal (USA) since 2007 to 2015.

RENTAL FARMS WITH CP

Oasis has been engaged in composite poultry with CP Bangladesh Co. Ltd. since 2008. CP Bangladesh Co. Ltd is a well-renowned MNC of Thailand, operating globally in many countries whilst maintaining the highest standards possible. We have successfully built 16 high-density poultry farms and 2 extension farms comprising:

- Broilers
- Commercial layers
- Pullets
- Hatcheries

OUR POULTRY FARMS

All our poultry farms are fully automated (temperature, humidity, bio-security etc.) supported by the equipment and state of art technologies from Big Dutchman (Germany) & managed by CP (Thailand) Bangladesh Co. Ltd. with complete covered sheds (as per the international standard).

Farm: Narangi 1
Hatiber, Uthura, Valuka, Mymensingh

Farm: Narangi 2
Sagordighi, Ghatail, Tangail

- DC Capacity: 337.44 kwp
- AC Capacity: 270 kw
- Yield: 1350 kwh
- Yearly Production: 455,400 kwh
- Total Production Capacity: 2mw

Farm: Batajor
Batajor, Valuka, Mymensingh

SOLAR PLANT – UNDER CONSTRUCTION

FARM 4
Lokkhindor, Rosulpur, Ghatail, Tangail

FARM 6
Kahalgaon, Enayetpur, Fulbaria, Mymensingh

The future of solar power at Oasis is providing complete solar solutions to all the poultry farms operated by CP Bangladesh.

We are also working on making large-scale solar power plants through a power-purchase agreement with the Government of Bangladesh.

ORGANIC FERTILIZER PLANT

- Monthly production capacity = 1000 - 1500 Metric Tons
- Yearly production target = 12,000 – 18,000 Metric Tons

Dhalapara, Sagordighi, Ghatail, Tangail

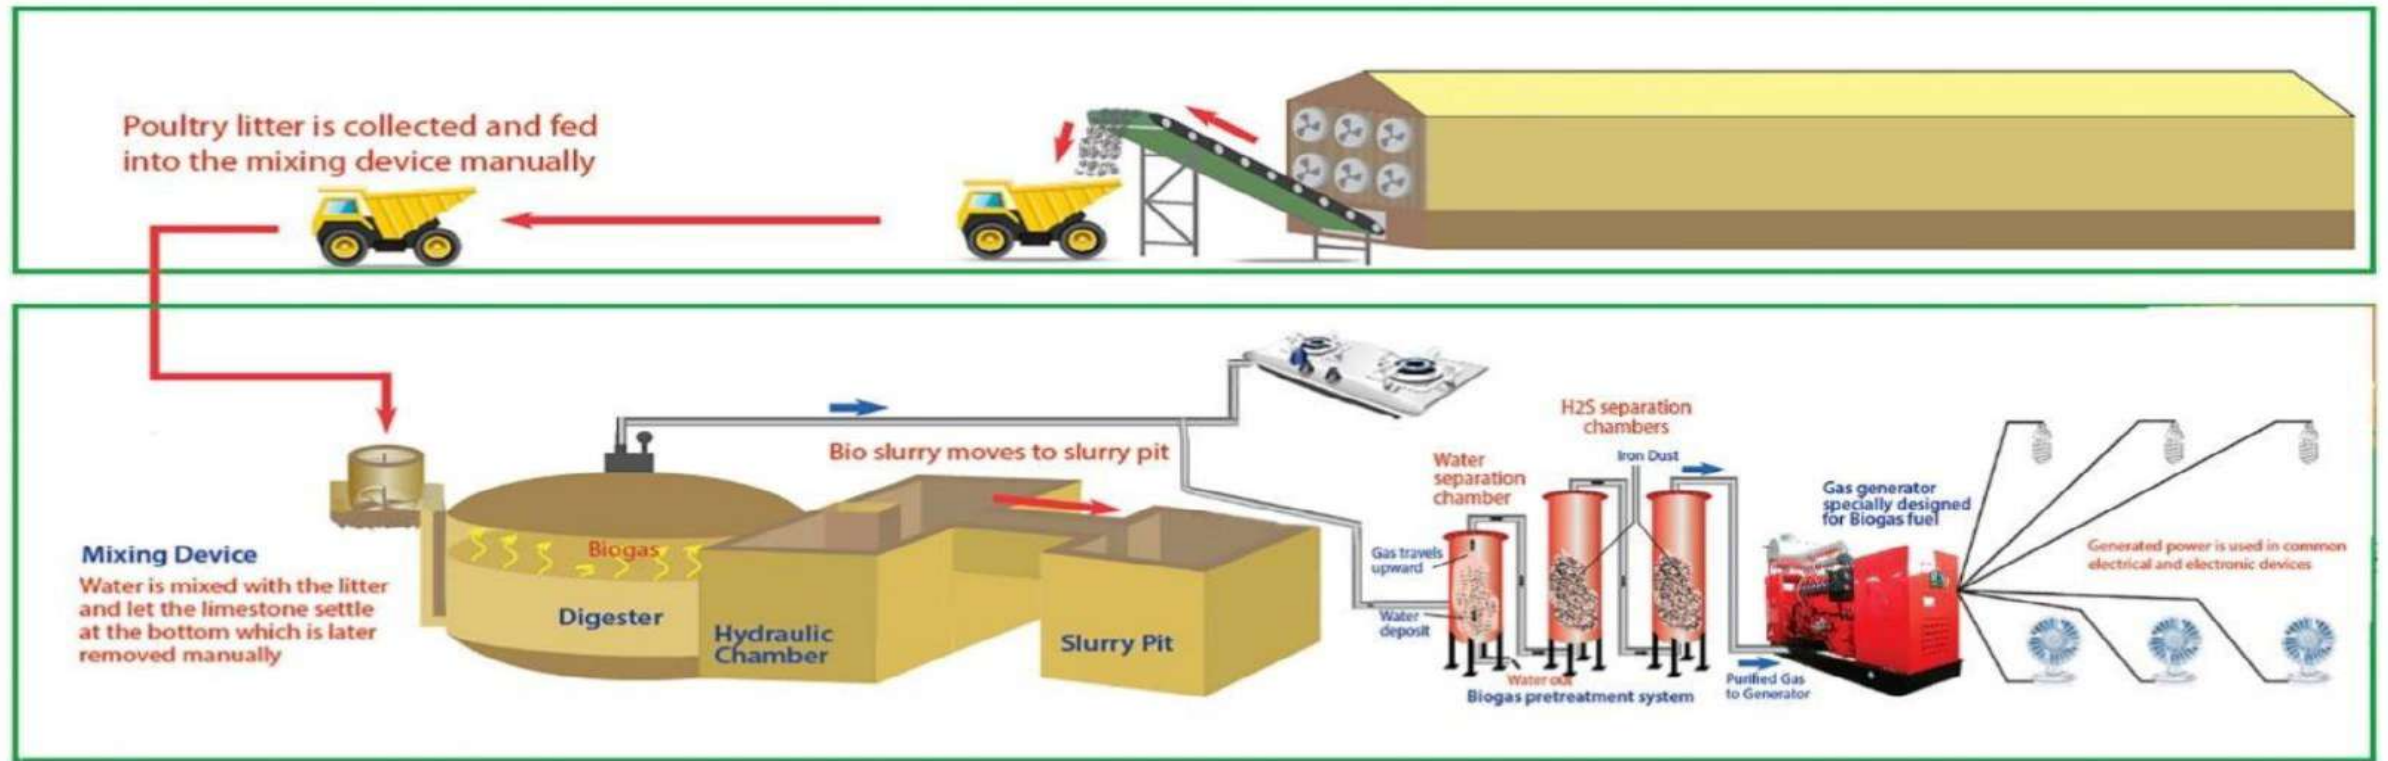

FERTILIZER COMPOST TANK

- Fully automatic Composting Machine
- Capacity: 8-12m³/Day
- Production Capacity: 102m³

Chobu Compost Tank (imported from Japan)
For Organic Fertilizer

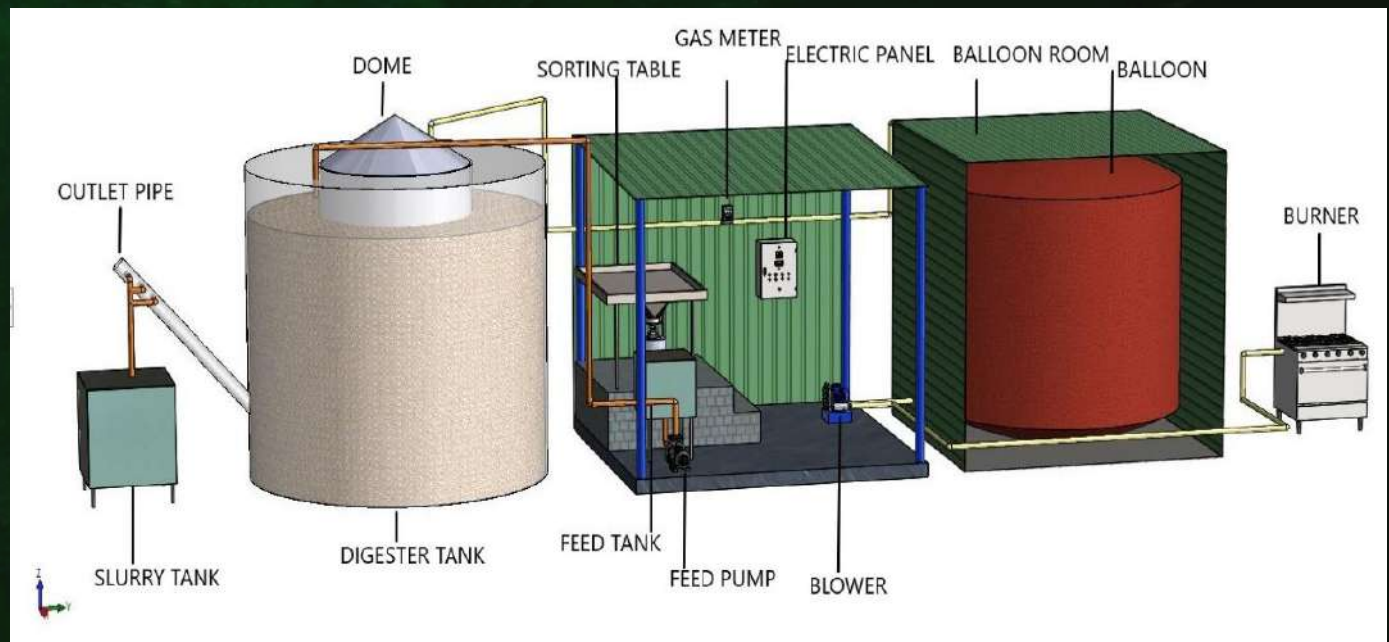

BIO GAS PLANT

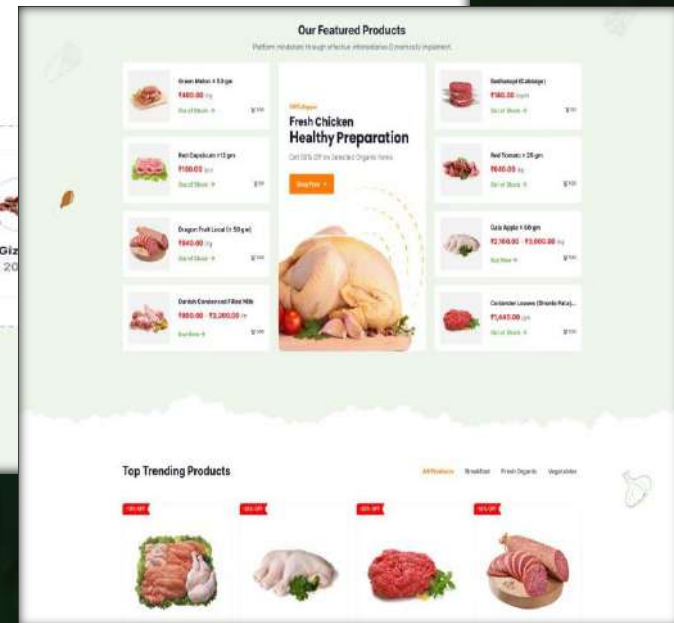

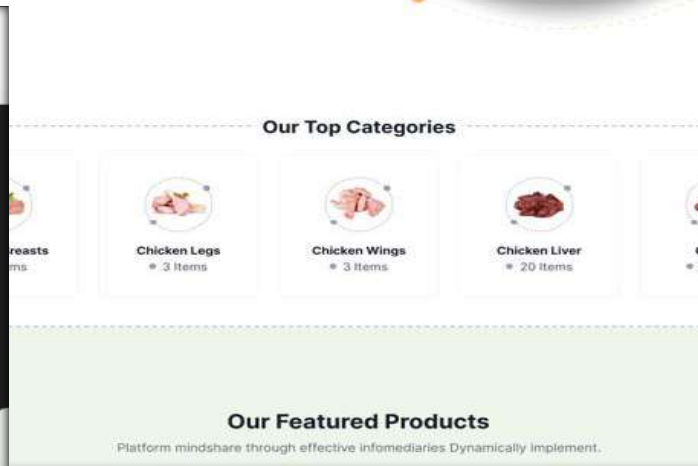

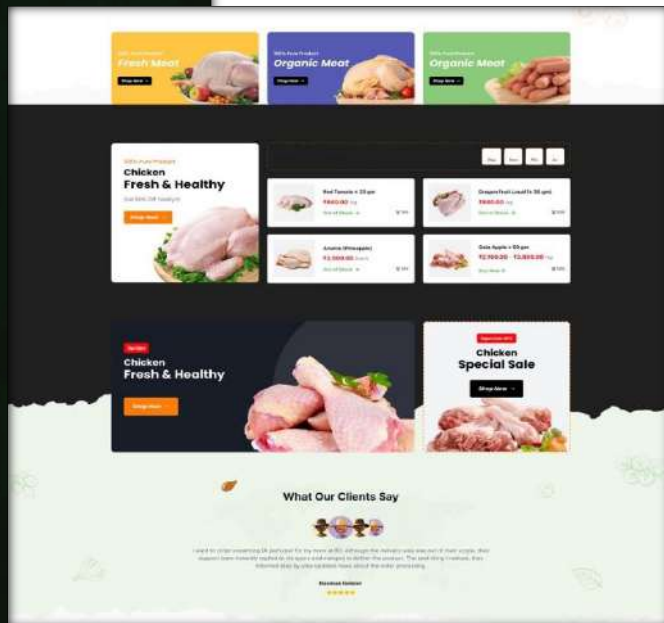

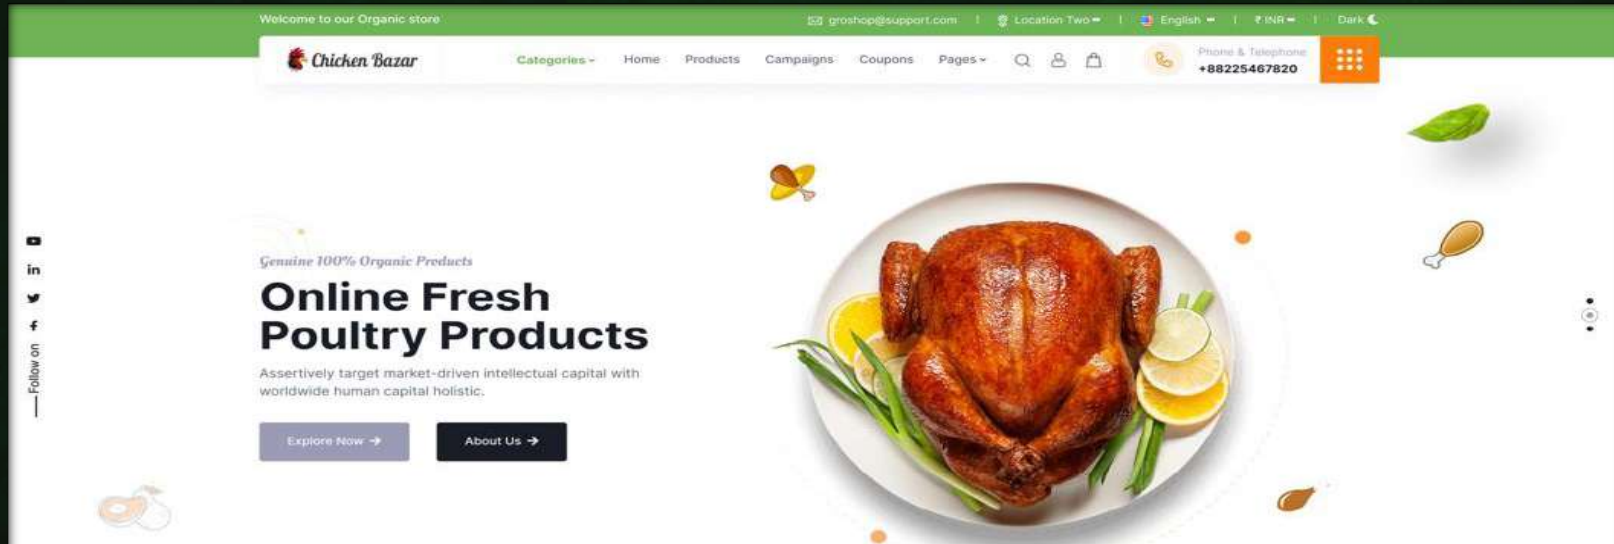

Biogas Processing Flow Chart

BIO GAS PLANT

- Total available litter: 1.5 tons/day
- Total Biogas production: 106 m³/ day
- Digester Capacity: 100 m³ each
- Number of Digester: 1 unit
- Total Land Required: 2400 sft. (approx.)
- Total Electricity Production: 200 kwh/day
- Proposed Capacity: 1 unit of 30 kw/ 37.5 kva
- Runtime: 6.6 hrs. (Each Generator at 80% load)
- Semi Dry Fertilizer Production: 60 Kg / day
- Technology: Below the ground fixed dome biogas digester

CHICKEN BAZAR (E-COMMERCE)

AN ONLINE PLATFORM

WHY E-COMMERCE

Since we have been involved in broiler wholesale, dealers have been buying chickens from our farms and supplying them to the retail market.

But the dealer buys from other small farms also and supplies them to the market together with our chickens. All these small farms are very backward in terms of quality, improved feed and bio-security. These chickens are fed dirty feed and raised in unhealthy conditions. Due to this reason, these chickens are affected and infected with various diseases, these chickens are not at all healthy for human health.

In wet market our farm chickens live together with these affected chickens, for which the quality of our chicken deteriorates. Customers are buying unhealthy chicken from the market at the same price as our chicken.

Our only objective is to deliver healthy chicken to customers at affordable price through this E-Commerce.

E-COMMERCE - PRODUCTS

Oasis Platinum Properties Limited, a beacon of excellence in the real estate industry, is dedicated to transforming dreams into reality through exceptional property solutions. With a distinguished history of success, we specialize in offering a wide range of meticulously tailored real estate services that cater to our clients' diverse needs. Our team of seasoned professionals brings a wealth of knowledge and experience to every venture, ensuring a seamless and gratifying experience for buyers, sellers, and investors alike.

Our aspirations in real estate are only matched by the grandeur of our plans. We epitomize the fusion of luxury, competence, engineering, and design in property development. Our projects go beyond mere structures; they are carefully crafted living experiences that redefine the standard of living in Bangladesh.

BLOCKTECH

BUILD YOUR DREAMS

BLOCKTECH

An organization with a vision to lead Bangladesh towards a more sustainable future through environmentally friendly manufacturing processes and affordable building solutions.

With the growing demand for construction materials, the directors saw fit for this product to lead Bangladesh to a more sustainable future. The company specializes in high-quality building blocks that are used for constructing buildings, roads, bridges, and highways. Currently, Blocktech is manufacturing 20 different kinds of blocks, of various PSI levels, through an environmentally friendly manufacturing process, that is available at an affordable price.

CC BRICKS

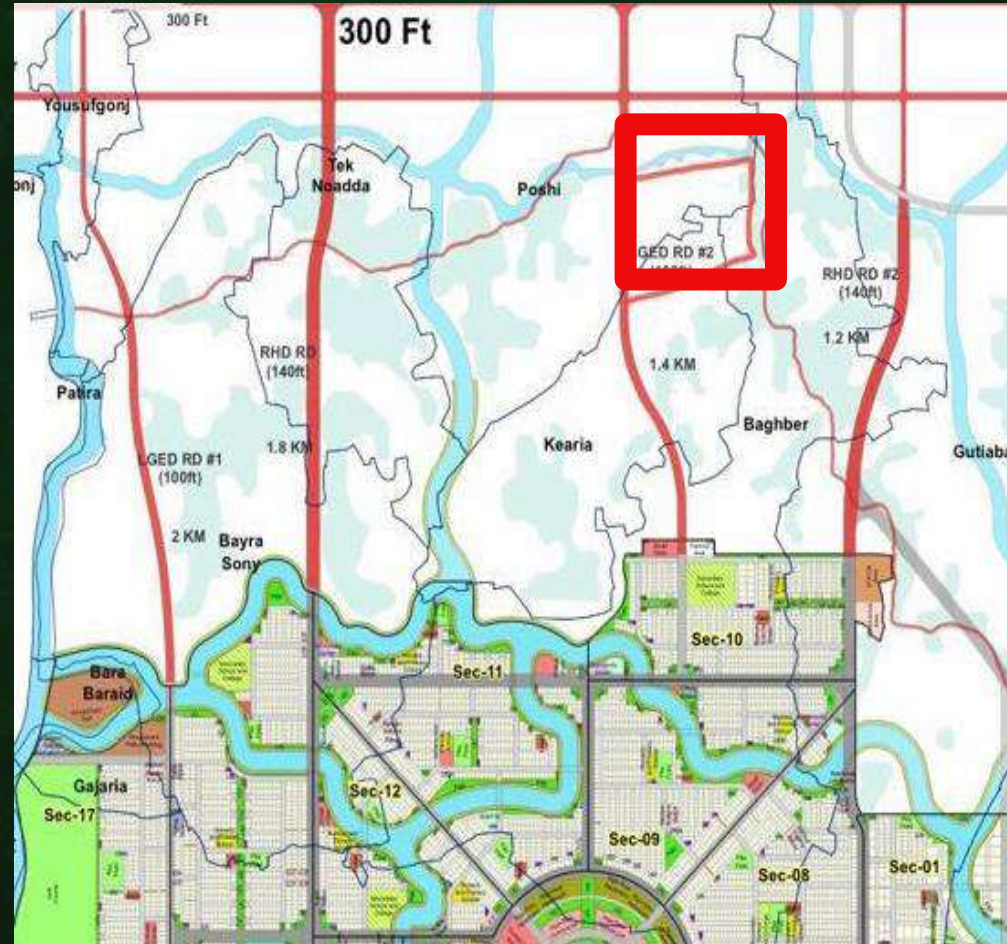

An eco-friendly cement block manufacturing company offering high-quality building blocks used in construction.

The target market for these products is builders, local shops, and construction companies. As brick kilns are shutting down due to high air pollution, the demand for cement blocks will only increase with time. Blocktech aims to capture that market and supply it to all types of clients.

It is important to educate each and every client and explain the benefits of using cement blocks instead of clay bricks. A team of block experts is a phone call away for anyone that is interested to learn about the product.

Message From MD

A dream of many ideas coming together, with great passion and an opportunity seized is how Oasis was born in 2003.

Our initial aim was to provide all logistic services to the MNCs involved in infrastructural development of our country so that they feel comfortable like an Oasis; that's how our journey began and oasis successfully could be the logistic partner of the many world's reputed MNCs like Chevron (USA), Cairn Energy (UK), Occidental (USA) and Unocal (USA) etc. In Bangladesh over many years.

Inspired with the journey, we gradually diversified our ventures to HR development in JV with Singapore Govt. composite Poultry industry in JV with CP (Thailand) since 2007 and real estate development since 2018. Our journey further extended to renewable energy, E-commerce, organic fertilizer, fisheries, agro products, green concrete blocks, cafe etc.

As an entrepreneur, our goal was to create the best with an entire business support and a turnkey solutions for the sustainable business growth suiting to the complete needs of our honourable clients & customers. In the process of our almost two decades of journey, we believe all these was possible by the grace of Almighty who may have rewarded us for our hard works & dedication considering our uncompromising commitment to quality & speed. We feel, we were truly blessed and gratefully recognize all the cooperation's from our valuable Clients & colleagues who bonded together to help us to grow as a family, oasis family!

We have been learning everyday to develop our services with immense pleasure taking great interests of our Clients reviews & their requirements into our considerations. Recently, we have rearranged our location and company logo to bring more value & speed to our commitments and have made major changes in our company infrastructure, division expansions, suitable organogram by appointing reputable department heads who we believe, will contribute ever than before for the growth of our ongoing & upcoming ventures.

We wish, we will always be committed at your services and at your true needs.

- Nazmul Huda Mehedi

Thank You
